This information has been prepared solely for information purposes and is not an offer to buy or sell or a solicitation of an offer to buy or sell any investment offered by Investment Product Research Limited (IPR).

IPR uses historical information in order to provide an illustration of how certain parameters may have performed over a defined period. This presentation may also contain certain performance data based on back-testing, i.e., calculations of the hypothetical performance of a strategy, index or asset as if it had actually existed during a defined period of time. The scenarios, simulations, development expectations and forecasts contained in this presentation are for illustrative purposes only. Capitalised terms like ExpectedReturn are based on our stresstest methodology and are therefore not forecasts - they should only be used to assess a product's ranking versus the corresponding scores for the other products listed on our site.
